Inspirations:

Schooling system - **Finnish**, requires a Masters to teach, individual learning regimes.

Healthcare system - **Australian**, subsidized medical care

Consumer law - **Australian +**, fit for purpose / adequate lifespan of goods and services.

Road Infrastructure - **Dutch / Belgian**, bicycle oriented roadways, raised crosswalks, free public transport

Architecture - **Parisian / Budapest**, stone-walled 5 story apartments, "Setted" pedestrian paths.

City Building Elements:

- "Walkable" cities design w/ bicycle paths and trams given preference.
- Deter car usage, low parking opportunities, access to loading zones for businesses.
- Fire hydrants, public defibrillators, public seating and public bathroom placement.
- Water capture, drainage & treatment. (All building capture water as "Grey" water)
- Solar & Wind power collection and storage.
- Green spaces & City squares
- 5 Storey mixed-purpose buildings in the inner city.
- Designs of buildings with "European Characteristics" incorporating stone.
- "All-Weather" inner city paths.
- "Green Home" and "Passive Home" requirements on habitable buildings.
- Navigational markers and landmarks.
- Single family homes present near centres of education + Child transport schemes.

Housing Considerations:

Apartments:

- Sound dampening (-65 dB(A))
- Passive Haus accreditation
- Induction cooking
- Internal garbage collection system
- Utility-sized elevator to move furniture and such
- Reduce house lawn sizes to free up room for public green space
- Fixtures devoid of proprietary or exotic parts (avoid reliance on Companies)

Art Installations / Notable people:

Unique tiller - Saied Hussain (Business Insider) [Egypt]

- Produces cement tiles in traditional Greek / Egyptian design.

Paper marbling - Traditional technique to add marble patterns to paper.

- We HAVE to use this on governmental books.

Public Lights that reduce their impact on light pollution. Provide alternative lights to surrounding villages in Croatia and Serbia.
